

## FURNITURE REPAIR CRAYONS ORDER FORM

Furniture Repair Crayons are used to fill in and re-colour small scratches gouges or chips in furniture. The crayon is simply rubbed over the scratch, filling the damaged groove, with any excess rubbed off with a soft cloth.

Our range of standard colours listed below, are available in 12 crayons per box or mixed colours. Special colours can be made to match your requirements. Please provide us with a colour sample. We will then make the required number of crayons to match the sample (minimum 1 dozen).

A full set is also available. This includes 1 crayon of every colour in our standard range

Each	Code	Andycraft Colour	Each	Code	Andycraft Colour
